With more than 80.000 member companies, Düsseldorf Chamber of Industry and Commerce is one of the biggest chambers in Germany. The Chamber district includes Düsseldorf, the capital of Germany's biggest federal state North-Rhine Westphalia, and the 10 towns of the neighbouring County of Mettmann. Our members are companies of all sizes and almost every branch of the manufacturing, trade and service industry.

We are a customer-oriented service provider for the business community and an independent counsellor and mediator in business matters. We are consultant of local and state government and an efficient provider of our public tasks.

Our wide range of business fields covers international business, regional economy and service industries, legal and taxation matters, innovation, energy efficiency and environmental protection, vocational training and professional training.
